## Message from our Pat T - District Committee Member

Greetings District 05,

I am enjoying the longer days and milder temperatures. I think the worst of winter is behind us. I am looking forward to attending the Delegates Workshop at St. Stevens Church in Wausau Saturday March 8 th . The agenda items and the background information are posted at <https://area74.org/delegate/>. Please review the information individually and with your group to provide feedback to the Delegate. Everyone is welcome at the workshop and GSR's are encouraged to attend.

The 2026 ECR and Area 74 Conference Committee is established. There are several important committees that need help. Information is available on the Area website regarding meeting times and login information. Please consider joining a committee to be of service and help put together a great event.

The Area Assembly will be held in Rhinelander April 12 th . The Area standing Committees will meet Friday April 11 th . I serve on the Area Corrections Committee and the Chat Committee, which is a sub-committee of the Area PI Committee. Again, serving on any of the Area Standing Committees are a good way to be of service.

The Area Conference will be held in Sturgeon Bay May16-18. District 22 is organizing the conference and is looking for financial support for the hospitality room during the weekend. Please feel free to reach out to me for more information.

I look forward to seeing you at our next District meeting Wednesday 3/12/25 6:45pm online or in-person.

Yours in service,

Pat T, DCM D05

## Member Share - Step 3 - Natalie H

Step 3 of Alcoholics Anonymous (AA) states, "Made a decision to turn our will and our lives over to the care of God, as we understood him."

The only time I ever intentionally ran a solid red light was racing to the hospital with a sick child struggling to breathe. I saw the light turn red in the middle of that dark night and made a split-second decision to look both ways (there were no other cars on the road at that hour) and smash the gas pedal to screech into the Emergency Department entrance. My husband was in the back seat with our asthmatic toddler forcing medicine into tiny lungs via an albuterol inhaler. He screamed at me to stop, but I barreled on through with every insecure instinct on fire. There was no sanity in that moment. Only fear and self-will. Safety be damned. I knew better.

I remember going through years of stress trying to manage our child's chronic asthma. It really wore me down because I tried to handle too much on my own. Not just our son's precarious health and constant care, but my own anxiety, fear, and overwhelm (especially with three other kids needing care of their own). I wish I had been in recovery then! I would have immersed myself in the first three steps of Alcoholics Anonymous with the help of my sponsor: admitting I was POWERLESS alone, believing a HIGHER POWER could restore me to sanity (minute by minute), and turning my LIFE and my WILL over to the care of God by asking for help.

Not unlike many people who turn to alcohol to escape life's problems, I began to rely on a glass of wine to help calm my nerves. However, unlike most people, I am alcoholic, so drinking never made my problems go away – it always made things worse. Eventually, I developed a drinking "solution" (which is way worse than a drinking "problem" that can be solved simply by cutting back or quitting drinking). My alcohol "solution" tricked me into thinking I could control the "worldly clamors" in my life via escape into a bottle. I started to abandon that sick child, my other children, my husband, and (eventually) myself. I became unreliable and a liability to others as my drinking progressed. The sick child who needed me for his very survival was in harm's way because of my complete incompetence. Self-will run riot was causing me to isolate instead of reach out for the help I desperately needed. Self-will (not wine) almost killed me.

When I first got to AA, I was fearful, confused, and more than a bit resentful. What had happened to my life? But a tiny spark of willingness allowed me to attend meetings and get a sponsor. Almost immediately, I started to feel a warmth melt the icy interior I had constructed through self-will and isolation. I remember the biggest shift between my old life and my new life occur when, on my knees in prayer across from my sponsor, I took my Third Step. I had known for a while that I NEEDED to let go of the malignant control that was ruining my life, but in that moment, I WANTED my Higher

Power to allow it to happen. I started to take new actions in my life. I attended meetings that showed me examples of sober living through fellowship and service. I worked all the steps with a sponsor who shared her experience, strength, and hope with me. I began to cultivate a relationship with God that allowed me to PAUSE when I was disturbed and uncertain (or too certain) and ask for the next right thought and action. I no longer took actions solely based on my questionable instincts, but rather, upon asking for discernment from God and help from others.

Thankfully, I made it into recovery and that asthmatic toddler is now a healthy, thriving adult. Quitting alcohol was only the first step in changing my life. I needed an entirely new way of living provided to me through AA's Twelve Step "spiritual solution." Step Three allowed me to move from bondage to freedom. It was not easy, but it required less suffering along the way. And, most importantly, now I can be of useful service to others who need my help. Step Three has given me the green light I need to enjoy peace of mind, contentment, and serenity.

**Motion to accept–Seconded:**

**Vote taken-7 in person, 5 online**

**\*\*\*GSR approved\*\*\***

**Committees:**

- Delegates workshop preparation (guidelines calls for March meeting), Pat proposes moving to February because Delegates Workshop is before our March GSR meeting, moving February reports to March

- Committee Chairs Update

**\*\*Bring any concerns, questions, or opinions about any agenda items from your groups to the District, so we can give them to the Delegate before he goes to the conference in New York.**

Discussion:

**Brian:** Can't stress how important it is for GSR's to express our concerns or questions of our groups to the next level up.

**Max:** Like Brian said, it's our job to communicate to our groups so there isn't any surprises or "gotcha's"  
**Pat:** The General Service Conference: what a GSR does, What a DCM does, What an area chair does. There's all kinds of resources out there, and we need to get involved to know how to have our voices heard. The answers are all in the book on how to fulfill our roles. It seems tedious and boring but what I realize is that it is how AA works.

**Taylor:** Should be mentioned in a practical nature as a GSR. Good sobriety is built on good sponsorship.  
**Pat:** These are just preliminary agenda items. It's not complete. As a GSR, you can think about what committee you want to participate in and get more information about it and bring that information back to your groups.

**Patti:** Attended workshop last year. It told us how and why these agenda items were there. How will I be able

	<p>to access the background information on how these things got to this point?</p> <p><b>Pat:</b> It will be available on the area74 website, and I will let you know when it is available. It is really important and plays a key role.</p>	
<b>Old Business:</b>	<ul style="list-style-type: none"> <li>● Budget line item for workshops current \$2400 <ul style="list-style-type: none"> <li>○ Talks to change that budget item.
